

The Enterprise Human Resources Integration (EHRI) requires that agency details under the authority of the Intergovernmental Personnel Act (IPA) be documented on an SF-50. Accordingly, effective immediately, the following information should be used when documenting the SF-50 for an IPA detail, extension, or termination:

Nature of Action: Detail NTE (date)
Nature of Action Code: 730
Legal Authority: Reg. 334.101
Legal Authority Code: NYM

Nature of Action: Ext Detail NTE (date)
Nature of Action Code: 731
Legal Authority: Reg. 334.101
Legal Authority Code: NYM

Term of Detail NTE (date)
Nature of Action Code: 732
Legal Authority: Reg. 334.101

Remark Code K46: Detailed to (enter name of State or local government or educational institution) under the Intergovernmental Personnel Act (IPA).

Do not submit the above information in your agency's Central Personnel Data File (CPDF) submission. An employee who is on detail is considered for pay and strength count purposes to be permanently occupying his or her regular position. File the SF-50 on the right side of the Official Personnel Folder. The above information will be reflected in *The Guide to Processing Personnel Actions* when it is next updated. Information on EHRI is available at http://www.opm.gov/egov/EHRI_overview.asp. Address questions regarding the EHRI requirement to document IPA details on the SF-50 to Rich Hoffheins at 202-606-1741 or rchoffhe@opm.gov.
